Hi Julie,

We are sorry that you were bothered about our lack of space troubles; we were just asking if it was okay for a temporary arrangement if we brought something from home to use under the table for things like pens, post-it's, and personnel items like our wallets, keys, sunglasses. We understand that the intentions are to not use these tables as desks that things right now are a work in progress; we don't want to be complainers just trying to find a interim solution.
